Vice Commodore's Report

As of April 1, our docks are officially opened, and as of May 1, BYC's 2004 Boating Season has officially begun. Effective immediately, the bar will be opened every Saturday, in addition to Wednesdays and Fridays. Be sure to check the calendar to see if there is a rental. Members are always welcome at the bar during club rentals, but PLEASE show consideration for those renting the club.

For new members, please join us the third Friday of each month for a cocktail party. Just bring an hors d'oeuvre of your choice and come join the fun! Beginning May 21, we will have our very first Martini Bar. Martinis will be the special drink for the night. If you have a special martini recipe, please let me know and we will include it that night. Get ready for our Cinco de Mayo party on (you guess it) Siete de Mayo. (For you English only speaking members, that's Cinco de Mayo on Friday, May 7.) Margaritas will be the drink special of the night. Remember, pizzas and hot dogs are available at the bar

From The Rear Commodore

The docks are now open, and boats are starting to come on. As a reminder, please let me know of your intended date of arrival. This procedure will assure that you space will be open and ready, as I have several members that are already subletting space on the docks. Your notice of arrival will give me ample time to remove any sublet's, should they be in your space. Also please inform me if you plan to have your vessel off the docks over 48 hours and the date of your intended return. Your cooperation will facilitate the maximum usage of dock space and allow as many boaters as possible to be on the water.

Thanks for your assistance.
