## Fleet Captain's Report for August

The next Cruise Meeting will be Friday, September 14<sup>th</sup> at 8pm. This will be for anyone attending the Frost Bite Cruise. If you are attending that cruise, I expect you to attend the meeting!

To all my cruisers, we sure did have fun didn't we?! Thank you all for helping me and making it such a memorable one! A thanks to those who attended the Commodore's Dinner and especially to Billy and Kathy for the beautiful necklace.

July also brought us the Poker Run. There were 303 poker players, of which Bordentown brought 55 people on 9 boats, way to go! And congratulations to Tony Coyle (who happened to be *my* guest) for winning the whole thing!

DRYL Events: Bristol Crab Feast, August 4<sup>th</sup>; Von Nieda Picnic @ Riverside, September 8.  
Lets go to Von Nieda and bring home some trophies(we already have some), I'm looking towards quoits/horseshoes and tug of war.....  
For a complete list of all events visit [www.dryl.org](http://www.dryl.org)

The Queen's Pageant in Philadelphia on Saturday, August 11<sup>th</sup>, including the boat parade, for which we can win prizes! Ashley has been doing a great job supporting us, it's our time to repay her the favor! The Pageant is held at the maritime museum, which is easily accessible by car or boat. Pageant slips are all now full, but the other side of Philadelphia Marine Center is not ruled out if anyone still wants to take their boat.  
Also in Philadelphia, The Frost Bite Cruise over Columbus Day weekend.  
The Raystown Lake Event is August 17-20.

See you on the water!  
Melanie

## Apparel

Golf Shirts	\$29
Tee Shirts	\$10
Men's Tank Tops	\$10
Burgees	\$24
White Button Down	
Dress Shirt	\$32
Coozie	\$2

In addition to clothing the Apparel Committee also has your BYC burgee, vinyl burgees, cozies and much more. See Steve Allen or give him a call.

## Boat for Sale

2006 Bayliner 285 2006 – 31' length overall, less than 90 hrs. Better than new and \$25K less than comparably equipped 2007 model. Economical single-engine, Freshwater cooled 300HP/Bravo III, transferrable engine/outdrive warranty until 2011, upgraded 12K BTU AC/heat, windlass, spotlight, fire suppression system, bottom barrier coated and bottom painted, Navman gps/plotter, VHF radio, full camper canvas plus cockpit cover, 4 person galley dining, 2 burner electric/alcohol stove, microwave, fridge, galley, enclosed head with shower, sink, pumpout holding tank, macerator, snap in cockpit carpet, largest single engine model made by Bayliner. Cruises about 25-26 mph at 3400 rpm, top speed around 38 mph. Lots of storage space. Hanging locker and door on mid-berth. Sleeps 4 adults and 2 kids comfortably. Hundreds of dollars in spare parts. Complete Coast Guard package – fenders, lines, flares, first aid kit. Service records available at Dredge Harbor Bayliner dealer. Contact John Griffin 609-298-3980 before price goes up when put on consignment.

**Now only \$63,000.**

## Editor's Notes:

Please email news items, corrections, and column ideas, to the editor (John Griffin) at: [john@mosey.org](mailto:john@mosey.org)

## Commodore's Message:

I wish to thank all of you who attended the Commodore's Dinner in Chesapeake City July 21<sup>st</sup>, at the end of the BYC cruise – a great time was had by all. And a special thanks to Melanie Horahan, who did a wonderful job as Fleet Captain for the cruise.

Bill Russo, Commodore 2007

## Boating Tech Talk

### Dock Hoses

Have you bought a water hose recently? I did and read the label "WARNING: This product contains lead, a chemical known to the State of California to cause cancer and birth defects or other reproductive harm. **Wash hands after handling.**" Would you knowingly drink from such a hose?

Ever notice how many boats on our docks are using a garden water hose? Potable (drinkable) water hoses are usually white-colored, to signify they are safe to supply drinking water for campers and boats.

### This following came in a recent email from BoatUS:

July 23, 2007

Dear BoatUS Member,  
For 34 years the federal Environmental Protection Agency (EPA) has exempted discharges from recreational boats from the Clean Water Act permit system. Regretfully, a recent court ruling cancelled this permit exemption. EPA is required by the court decision to develop and implement by September 30, 2008 a national permit system for ALL vessels in the United States for a variety of normal operational discharges.

We have been working behind the scenes with other boating organizations to get the exemption reinstated for recreational boats. Fortunately, the Recreational Boating Act of 2007 (H.R. 2550) has been introduced by Representatives Gene Taylor (D-Miss) and Candice Miller (R-Mich) which would protect recreational boats from being swept into this unnecessary and expensive permitting system.

It is critically important that H.R. 2550 be passed and your support is essential. Please contact your Congressman and Senators TODAY and ask that they co-sponsor or support H.R. 2550.

If the permit system becomes a reality, you will be required to pay for a state permit for each of your boats. EPA will be monitoring your deck runoff, grey water, bilge water, engine cooling water, and the use of copper bottom paints.

The original lawsuit that led to this court decision sought to address ballast water discharges from large ocean-going ships, which can introduce damaging aquatic invasive species into U.S. waters. Keeping our waterways clean and preventing the spread of invasive species is of utmost importance to the future of boating. But taking a complex permitting system designed for industrial dischargers and applying it to recreational boats will not yield significant environmental benefits and it will come at a very high cost. Requiring recreational boaters to purchase a permit would not prevent the spread of invasive species.

BoatUS has been a leader in educating boaters about Clean Boating practices for more than a decade. Our nonprofit Foundation has funded local education projects on invasive species prevention, helped develop voluntary Clean Marina programs, and authored much of the country's Clean Boating outreach. These positive education efforts are making a difference.

*Please ask your elected federal representatives to support H.R. 2550. It is common-sense legislation. As you send your emails to your Members of Congress, please copy BoatUS at [GovtAffairs@BoatUS.com](mailto:GovtAffairs@BoatUS.com). We'd also like to ask you to send a copy of your correspondence to the EPA, so they can see how this will affect citizens. However, please know that if you choose to send it to EPA, it will become a part of the public record. EPA's email is [ow-docket@epa.gov](mailto:ow-docket@epa.gov), and your email needs to have a subject line with Docket ID No. OW-2007-0483.*
