## **COMMODORE'S REPORT:**

### *Cruising a Different Way!*

There's always been a standing joke at the club that during some Summer we're going to cruise in a different direction. The joke (obviously) is that the cruise wouldn't be much of a success or last very long, due to the obstacles that lie North of us. Well, a couple of Wednesday nights ago, the club did take off and cruise in a different direction. The *cruisers* weren't fiberglass, the engines didn't have things called flame arrestors on them, and there were still plenty of obstacles North of us in the parking lot.... But this time the cruise was a complete success! I'm talking about the first BYC CRUISE NIGHT.

For those of you who missed it, you missed a great event! The *cruisers* were classic cars (and, oh yeah, a T-Rex too). We had about 25 *cruisers* show up and display their machinery. We also had hot dogs and burgers grilled to perfection by the cooking staff; Tim Vitianza, Justin Edwards and Cindy Gallagher. The bar opened early and a good time was had by all.

This whole event was the idea of Rich Carter, who proposed it to the club a couple of months ago. Rich set the entire thing up!!! My sincerest congratulations to you, Rich... Well Done!

As the *cruisers* left the club around dark, parting comments were things like "Can't wait to do this again next month" – and "It's going to get bigger and better every month". That's right... BYC CRUISE NIGHT going to become a regular event on this Summer's Calendar... the 2<sup>nd</sup> Wednesday of every month, for July and August – and who knows, September and October might work out too. So, this is your invitation: *Cruise* on down to the club and see some seriously beautiful classic cars and some seriously envious spectators.
