Rear Commodore's Report

We are down to 59 days until the docks open. The dock building committee has been working hard to make sure that the new small docks are ready to go. As of last weekend three more small docks have been rebuilt. The work float should be done by the time you read this. The additional floats are installed and now the decking has to be reinstalled. THANK YOU Gabby for volunteering your time to do this. Gabby has done most of the work on the float by himself.

The Work Parties are coming up in March; I will be looking for volunteers to help in the kitchen for both weekends.

Do not forget: Dock applications are due by the end of the March Meeting. If you are a new applicant on the dock, and have any questions, please contact me. Remember any application received after the close of the March Membership meeting will not be considered for permanent dockage for the 2009 season.

Dock applications can be placed in the Rear Commodore's mail box at the club or mailed to me at home or the club address.

The date for the Pre-Work Party was wrong in the January Newsletter, the date is Saturday March 14th, not the 15th. Sorry for the confusion.

As always, if you see something that needs to be fixed at the club please let me know so I can address it.

First, I would like to thank everyone who donated last year, the seaside ocean water was about 34 degrees and not much more on land. But it's that time of year again to make the big plunge. I would like to thank everyone in advance for their donation. Just wanted to let you know that I'm taking part in the 2009 Polar Bear Plunge on Saturday, February 28, 2009. Funds raised through the Polar Bear Plunge help to advance the goal of Special Olympics New Jersey, to provide free year-round training and competition in 23 Olympic-type sports to more than 17,000 children and adults with intellectual disabilities.

You can make an online donation of \$25, \$50, \$100 or any amount by visiting my personal donation page and helping me reach my fundraising goal. The link is at the bottom of this email.

Thanks! Christopher DeRemer. [Follow This Link](#) to visit my personal web page and help me in my efforts to support Special Olympics New Jersey.
